HOUR'S SESSION OF CITY COUNCIL

Small Volume of Business is Transacted in Respective Boards.

WANT 30 MORE LIGHTS.

Ordinance Providing Ways and Means For Raising $50,000 For High School and Truck House.

The session of the City Council last night was brief. But three papers were submitted in the Common Council and five in the Board of Aldermen. In the latter body the ordinance providing ways and means for raising $50,000 for the proposed new high school building and a modern truck house were introduced. It was referred to the fiance committee. In the lower board a resolution was offered, which was referred to the light committee, providing for arc lights, at thirty street intersections where no such lights have been erected. The other matters which came up were of a general nature.

Board of Aldermen.

All the Aldermen were present. Mr. Field, of the finance committee, presented the ordinance providing ways and means o fraising the necessary $50,000 for the high school and truck house, and the ordinance was referred to that committee without discussion.

Mr. Field also introduced a preamble and resolution ratifying and confirming a bond of $2,000 given by Commonwealths Attorney Fisher when an appeal was taken to the Supreme Court of Appeals against the decision of Judge Gordon in the annexation proceedings. They were adopted.

The Common Council had passed a resolution appropriating $200 for crossings and sewer traps at the intersection of Duke and Columbus streets.

Messrs Ogden and Summers and City Engineer Dunn stated that the work would cost $65, but that the material purchased for improvements in other sections of the city could be used, which would make the intersections cost about $200.

Messrs. Ballenger, Field and President Marbury objected to the manner in which the measure had been prepared, and after some discussion the resolution was amended by providing that the sum be placed at $75 and that the work be of tar macadam and constructed of material now on hand. The resolution in this shape was passed.

After the Aldermen had concurred in the action of the lower board on the other papers sent in they adjourned.

COMMON COUNCIL.

The lower board came to order at a few minutes after 8 o'clock with 12 members present.

Mr. Brockett offered a resolution, which was referred to the committee on light, providing for the placing of 30 arc lights on corners in the city of Alexandria, not now lighted. The preamble of this resolution states that 60 of these lights were needed in addition to the 90 already in use in the city, but that, by careful distribution, by the additional 30, the lighting of the town could be very greatly improved, and the more dangerous dark spots illuminated. Mr. Brockett stated that there had been a number of robberies in Alexandria recently, most of them occurring at the dark corners on Union street, and the police were seriously handicapped by the lack of light.

President Brumback introduced an ordinance prohibiting any garage or repair shop for automobiles on or within 60 feet of Washington street. This was referred to the committee on general laws.

Bills amountng to $82.33 for groceries and other supplies furnished quarantined families on the order of the health officer were received from the Board of Aldermen and referred to the committee on finance and health

An ordinance providing for the borrowing of $50,000 by the finance committee at a rate of interest not to exceed 5 per cent, and providing further for a sinking fund of $5,000 and interest each year, this money to be used for the new school house and truck building was also received from the Board of Aldermen and referred to the finance committee without comment.

Mr. C .O. Pullman petitioned Council to lay a granolithic sidewalk around his property at the northeast corner of Duke and Alfred streets, he agreeing to reimburse the city at the rate of $5.00 per month. This was referred to the committee on streets.

Robert Elliott requested permission to build a frame addition to building 127 South Royal street. This went to the committee on streets.

A resolution approving the action of Attorney Samuel P. Fisher in giving an appeal bond in the annexation proceedings and providing that the city shall stand between ham and any loss, and assume all of his liability on the bond was passed.

The longest discussion of the evening was caused by the resolution introduced by Mr. Chauncey providing for the appropriation of $200 for paving the intersection of Duke and Columbus streets, which was passed by the Council, Mr. Chauncey explaining that the actual cost of doing the work would be about $65 for labor, and that Mr. Dunn had on hand stuff and material costing about $135. The aldermen returned this resolution, refusing to appropriate more than $75, feeling that as the material was already on hand no additional appropriation should be made for it. This caused an extended discussion, everybody apparently wishing the work done, but each one having his own idea as to how the resolution should be written. Council finally receded from its first action, and concurred with the board of aldermen.

RAILWAY FARES DISCUSSED.

Alexandria County Association Considers Traffic Condtions.

Traffic conditions at the Aqueduct Bridge, and plans for bringing about reductions in electric railway fares between Washington and Falls Church, were among the most important matters to be considered at a meeting of the Alexandria County Court House last night.

Commissioner Newman, who was to have been one of the speakers, was unable to attend on account of the illness of Mrs. Newman. Mayor Fellows, of Falls Church; John Nevins, Leo P. Harlow, and R. L. C. Moncure made addresses.

RELEASED ON BOND.

Charles Sorrell, charged with complicity in the recent robberies of Southern Railway cars, was admitted to bail by Judge Barley of the Corporation Court today, the amount being fixed at $3,000, for his appearance before Justice Caton in the Police Court Monday morning. He was released on his own recognizance.

Police headquarters were notified today of the mysterious disappearance from his home in Alexandria county, of Leroy Wise, 12 years old. His absence is causing his parents great anxiety, as they suppose he is lost or has run away. The police have obtained a description of the boy and are endeavoring to locate him.

FEDERALS MEET MORE REVERSES

Said to Have Been Beaten Back With Great Loss and in Disorder.

20-MILE BATTLE FRONT

Wholesale Execution of Prisoners of War—Eighty Federal Officers Said to Have Been Shot.

El Paso, Tex., Nov. 26.—That the entire federal force which opposed his army along a twentymile battle front fifteen miles south of Juarez is now in a disorderly retreat was the claim made by Gen. Pancho Villa in a dispatch sent early today to Col. Juan Medina, jefe d'armas at Juarez. He asserts that the victory of the constitutionalists has been complete and that they have captured several hundred prisoners.

Wounded officers brought to Juarez from the front confirm reports received late yesterday that Villa has been executing federal prisoners of war by the wholesale. Some of these say that eighty federal officers were ordered shot on the battlefield and that the orders were summarily carried out. It is not known whether this number is exaggerated.

According to Villa the constitutionalists have taken three of the seven trains which brought the federals to the battlefield and all of their cannon and light field pieces have fallen into constitutionalists hands.

THANKSGIVING APPEAL.

Donation Day.

The Friends of the Alexandria Hospital are again reminded that Thanksgiving Day is the season when we look to them for donations of money, groceries, provisions of all kinds, household articles, in short any and everything that can be made useful in such an institution.

The Hospital has, for its constant aim the furnishing of the best attention to the sick and suffering, at as small an expense as possible, and if need be to give this service gratis. Each year a large number of patients are treated gratuitously, but it is only through the hearty co-operation of its many friends that its measure of usefulness has been so large.

Our matron has been unwearied, and with her own efficient services supplemented by that of the nurses she has trained, a wonderful amount of work has been done.

We have a staff of able and interested physicans and all is going on prosperously, but our friends must not forget that we need their help. If they fall short or fail to come to our aid, our work must stop.

Let us then hear from you on Thanksgiving day; send your donations as God has prospered you, or come to the Hospital with hands full of gifts and see for yourself what your co-operation enables us to do, remembering too that "God loves a cheerful giver.

BY ORDER OF THE BOARD.

PLAY FOR CHAMPIONSHIP.

Cardinals Will Tackle Fort Myer Team Tomorrow.

The Cardinal A. C., has the football game for Thanksgiving Day scheduled with the Engineer Post Team, but owing to their great demands are not in the position to play that team and have therefore arranged to play the 17th Ryes Post team which defeated the Cardinals last Thanksgiving Day, 12 to 0.

The Fort Myer team has a stronger team this year, and as the Cardinal team is a great deal stronger there will no doubt be a good game.

This game will be for the championship of this section of the state of Virginia as the Clarendon A. C., has refused to meet the Cardinals and the Fort Myer team has defeated all teams in this section. The winner will claim the title.

The line up of the Cardinal A. C. has not as yet been decided on but will be selected among the following players: K. Cockrell, F. Cockrell, McBride, Finnel, Sutherland, Hamilton, Entwisle, Beahm, Trigger, Schaner, Nalls, Hayden, Peyton, Cane, Herrick, and several others who have been showing up well in practice.

SUDDEN DEATH OF PRESIDENT FINLEY

Southern Railway Head Passes Away in Washington Yesterday.

VICTIM OF APOPLEXY.

Native of Mississippi—Entered Railroad Service as Stenographer—Devoted to His Calling.

William W. Finley, president of the Southern Railway and one of the commanding transportation figures of the South, died suddenly yesterday afternoon at his home 221 R Street, Washington, from apoplexy.

Yesterday morning Mr. Finley arose from his bed feeling as well as usual. While at the breakfast table he suffered a stroke of apoplexy. He was carried to his bed and physicians summoned. Throughout the morning he fell into a number of spells of unconsciousness. Early afternoon these became permanent and death came at 2 o'clock.

There was no intimation that President Finley's health was in any way impaired. Last Friday he delivered an address before the American Pomological Society and Eastern Fruit Growers' Association at the National Museum. This proved to be his last message to the business world. In this address he defende the middleman in marketing and said he believed it would continue to be a necessity to have buyers and sellers between the producer and the consumer, for these men are entitled to fair profits.

A singular coincidence of Mr. Finley's death is that it occurred just a few days prior to the sixth anniversary of the death of President Spencer, his predecessor as the head of he Southern Railway system. Mr. Spencer was killed in a wreck just below Lynchburg on Thanksgiving Day six years ago. His train was telescoped from the rear end and the car occupied by Mr. Spencer caught fire and the head of the big trunk line was cremated in the train wreck.

William Wilson Finley was a self-made railroad president. He began railroading as a stenographer in the office of the vice-president of the New Orleans, Jackson and Great Northern Railroad, in Mississippi, the State in which he was born in the year 1853. He displayed marked aptitude for transportation problems and was gradually advanced until he became general freight agent of the railroad.

He later occupied a simlar position with the Chicago, St. Louis and New Orleans Railroad. He also held the position as head of the freight department of the Texas and Pacific Railroad, and in 1889 was made chairman of the Trans-Missouri Traffic sociation, with headquarters in Kansas City. In 1890 he was made chairman of the Western Passenger Association and two years later he became special traffic manager for the Great Northern and Montana Central Railroad.

In 1895 Mr. Finley located in the South and became third vice-president of the Southern Railway. Shortly afterward he left the Southern to take the vice presidency of the Great Northern Railway. A year later he returned to the Southern as second vice-president, which position he occuped ten years. He became president of the Southern in December, 1906.

No sooner had he taken charge of the Southern Railway system than Mr. Finley set his talents at work seeking to check the wrecks which had overwhelmed that line for the past two years. Being an operating man he successfully coped with this trouble. Mr. Finley devoted his time to the development of the Southern country. He was a firm believer in publicity and never lost an opportunity to deliver a speech bearing upon the South and its progress and its future. He believed in the principle of getting close to the people, the men who use the railroads.

Mr. Finley was president not only of the Southern Railway but also of the Southern Railway Company in Mississippi; the Mobile and Ohio Railroad Co., the Cincinnatti, New Orleans, Texas and Pacific Railway Company, the Alabama Great Southern Railroad Company, the Georgia Southern and Florida Railway Company, the Virginia and Southwestern Railway Company and the Northern Alabama Railroad Company. He was also a director of the Chicago, Indianapolis and Louisville Railway Company, the Old Dominion Steamship Company, the Equitable Life Assurance Society and other companies and a trustee of the John F. Slater Educational Fund.

On March 3, 1910, the degree of LL.D., was conferred upon Mr. Finley by the Tulane University of Louisiana, and on June 27, 1910, the same degree was conferred upon him by the State University of Kentucky. He was vice-president and chairman of the executive committee of the American Highway Association, which is the clearing house for the good roads movements in the United States. He was one of the founders of the organization and through it aided the road movement throughout the South.

Mr. Finley is survived by Mrs. Finley, Misses Lottie V., Lilly D., Lenora and Celestine Finley and his son.

The funeral services will be held in St. John's Episcopal Church, Washington at 11 a.m next Friday. The burial will be in Oak Hill cemetery.

The schooner D. P. Mulford has arrived to the People's Oyster House on the river front with a load of Jackson Creek lump oysters, which will be sold to the trade at 80 cents a gallon.

Fond of tramping, tennis and canoeing.

With smiles of confident happiness turned toward each other, Francis Bowes Sayre and Miss Jessie Woodrow Wilson, second daughter of President and Mrs. Wilson, were joined in marriage yesterday afternoon at the White House before a company of distinguished officials of the United States Government, members of the diplomatic corps, close friends, and relatives.

It was a scene of rare brilliancy, touched through the 10 minutes of ceremony with a grave solemnity as the President of the United States stood beside his wife, their faces a study in deep emotian as they gave in marriage the first of their children.

It was an intensely human sight as the deeply significant words of the service were softly spoken before an altar of palms, ferns, and white lilies. With a pretty double-ring service the couple were united, the assemblage spoke the Lord's prayer in fervent monotone, the Marine Band struck up the wedding march of Mendelssohn and from that moment the whole was transferred into a scene of gayety, animation and joyfulness.

A reception for the guests by the President, Mrs. Wilson and the wedded couple followed, and soon the East Room was cleared of its carpets and the young folks danced well into the evening, brilliant uniforms and elaborate gowns gliding gracefully over the glistening parquette floor under the bright glow of the crystal chandeliers.

When the guests had gone the bridal party sat down in the breakfast room and the bride cut the wedding cake with the sword of Dr. Cary T. Grayson, U. S. N., the President's physician and companion. Then there was a merry dinner and affectionate good-bye, and the couple whirled away in a White House automobile on their honeymoon.

Their destination was kept secret. The popular rumor is that the newly wedded pair boarded the U. S. S. Dolphin and departed for New York, where they expect to attend the Army and Navy game Saturday.

ELKS ENTERTAIN LADIES

Five Hundred Guests at Social Session Last Night—Novel Features

Alexandria Lodge of Elks gave the opening social session of the season last night in its home on Prince street and entertained more than 500 guests. It was one of the largest and most pleasant affairs the organization has ever given.

The evening's amusement commenced at 8:30 o'clock when a dance given in the auditorium. Two hours were spent in dancing and the program was made up of all the latest steps. The hesitation waltz, the fish walk and the bostons were great favorites and were as interesting to the older people as they were to the younger set who seemed to find the dances too short and the intermissions too long, although the orchestra played to the point of exhaustion.

The principal part of the program took place in the rathskeller. The quaint low-ceiling room was decorated in holiday attire. Strings of electric lights hung from the ceiling and were intertwined in festoons of evergreens. At one end of the room stage was erected for the performance but the artists did not confine themselves to stage but walked and danced about in true cabaret style.

The musical program was given during the course of the Dutch supper and was as follows:

"Sunshine and Roses," Forrest Birrell.

"You Maggie," Bernard Hamilton.

"When I First Met You," Mr. Sutton.

"Stick to Your Mother, Mary," W. A. Waters.

"You Made Me Love You," Miss Clara Naecker.

"Dear Old Girl," Mr. Windsor.

"That Old Girl of Mine," Forrest Birrell.

"Gee, Ain't it Great to Find a Friend," Bernard Hamilton.

"Silver Threads Among the Gold," Miss Clara Naecker.

"At an Old Maid's Ball," Mr. Sutton.

"Curse of an Aching Heart," W. A. Waters.

"To Have, To Hold, To Love," Mr. Windsor.

A feature of the program was the rendering of an impromptu recitation by Mr. Robert M. Dobbins, of Washington, which was greatly appreciated

At eleven o'clock, according to the custom of the Elk's, the audience arose from their seats and san "Auld Lang Syne."

The committee in charge consisted of Harry Fleischmann, chairman, Ervin Schwarzmann, John Ewald, Harry B. Quinn and Courtney Acton.

NEGROES HOLD UP FACTORY

Two Negro Employes Drive Foreman From Richmond Fertilizer Plant.

Richmond, Nov. 26.—A novel way of drawing wages was shown Monday morning about 11 o'clock, when the superintendent and office force of the Allison and Addison Fertilizer Company, were held up by two negro employes, who brandished shotguns and loudly demanded their money. Slipping away without being noticed by his temporary orators, Joseph W. Brooks, who was in charge of the factory, ran with all speed to the Third Police Station in search of aid. Captain A. S. Wright, with Officers Westcott and Tinsley, hurried to the plant, and arrested "Rabbit" Coleman and "Sonny" Dowden.

The negroes were due some back wages, it is said, and for the purpose of collecting it they armed themselves with two single-barreled shotguns. Without warning they rushed through the door and leveled the weapons at those in the office. They threatened "to shoot up the plant," it is alleged, if they were not given their money on the spot. Frightened, and fearing a bullet for their trouble if they remained, the whole force, from the boss to the office boy, bolted when the gunmen appeared.

When the police arrived the enemy held the fort. The factory was completely deserted, and work was temporarily suspended. The negroes had taken possession. They submitted to arrest, and were locked up.

TRUTH TRIUMPHS.

Alexandria Citizens Testify for The Public Benefit.

A truthful statement of an Alexandria citizen, given in his own words, should convince the most skeptical about the merits of Doan's Kidney Pills. If you suffer from backache, nervousness, sleeplessness, urinary disorders or any form of kidney ills, use a tested kidney medicine.

An Alexandria citizen tells of Doan's Kidney Pills.

Could you demand more convincing proof of merit?

Mrs. Martha L. Byrne, 209 Wilkes street, Alexandria, Va., says: "I never fail to recommend Doan's Kidney Pills after all they have done for me, and you may continue using the endorsement I gave some years ago. I take this remedy every once in a while and it keeps me in good health. I was suffering severely from backache. My kidneys were badly disordered and I felt all run down. I was helped so much by the first box of Doan's Kidney Pills that I kept on taking them until I was well."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

CHILD SEEKS BIG DAMAGES.

Twelve-Year-Old Boy Asks $5,000 for Being Called Thief by Groceryman.

Richmond, Nov. 26.—For injuries to his character, through a false accusation of theft, James Lynwood Hord, by next friend, James B. Hord, entered suit yesterday in the Henrico Circuit Court against E. Schwartz, proprietor of a small store on North Twenty-ninth street, for $5,000 damages. The plaintiff, who is twelve years old, was accused of stealing 10 cents.

Speaking of the large sum sought, the child's attorney said:

"It is not the money we are after. What we want is this boy's character vindicated. We do not want him to go through life with this stigma upon him. In fact, we do not expect to get a verdict for the full amount asked, but expect to establish the precedent that a child's good name is as valuable as that of an adult's, and is not to be ruined with impunity."

DEATH OF T. M. EMERSON.

President of Atlantic Coast Line Succumbs to Indigestion.

Wilmington, N. C., Nov. 26.—Thomas Martin Emerson, president of the Atlantic Coast Line Railway Company, died last night at his home in this city, following an attack of acute indigestion yesterday while on a trip of inspection over the system with members of the board of directors.

Mr Emerson, attended by his physician and friends, reached Wilmington at an early hour yesterday morning on a special train from the South, and while it was announced during the day that his condition was improved, there came a turn for the worse, and he died at 11 o'clock last night.

Mr. Emerson was born in Preble county, Ohio, March 29, 1851. He entered the railroad service in 1867 as a clerk in the freight office at Hagerstown, Ind., and rose to the very front rank of railroad men. From clerk he became night telegraph operator and later chief freight and ticket clerk at Marion, Ind., and Fort Wayne, Ind. His next step was general passenger agent of the Detroit, and Indianapolis through line. Coming South in January, 1875, he became clerk in the general freight office of the Charlotte, Columbia and Augusta Railroad, and in July of the same year became chief clerk in the general freight and passenger department of the Atlantic Coast Line, in which capacity he served until September 1, 1880.

For a year he was assistant general frieght and ticket agent of the same road. In August, 1881, and for a year he was assistant general freight agent of the Chesapeake and Ohio Railroad, afterward becoming general freight and passenger agent, where he served until July 1, 1891. From July 1, 1891, to July, 1902, he was traffic manager of the Atlantic Coast Line, later third vice president, and succeeding, about five years ago, the late President Ervin, of the Atlantic Coast Line.

RETURNS CANVASSED.

Less Than Seventy Thousand Votes Were Cast.

Richmond, Nov. 26.—Returns from the recent election for Commissioner of Agriculture, Superintendent of Public Instruction and for members of the General Assembly were canvassed Monday by the State Board of Canvassers, and commissions of election will be issued shortly. The envelopes containing the returns for Governor, Lieutenant-Governor, Secretary of Commonwealth, Attorney-General and State Treasurer were not opened, but will be presented to the General Assembly when that body convenes in January. The State Board of Canvassers is composed of the Governor, the Secretary of the Commonwealth B. O. James, who was re-elected without opposition, seemed to think it might be safe to assert that the entire Democratic State ticket had been elected. Of the members of the House of Delegates there will be ninety-two Democrats, seven Republicans and one Independent.

As indicated at the time of the election, the returns show that an exceptionally small vote was cast—approximately 70,000 ballots having been returned for the various State officers.

Fire in Petersburg.

Petersburg, Va., Nov. 26.—At an early hour this morning fire broke out in the four-story brick building 31-33 North Sycamore street, occupied by the department store of Lavenstein & Bro. At 2.45 o'clock the fire was burning furiously, and it appeared that the building was doomed though it is not thought there will be any spread of the flames. This store is one of the largest in the city and occupies one of the most prominent business locations. It is filled with an extensve Chrstmas stock, and the loss will be very heavy. The stock probably will amount to $75,000 in value, and the store is one of the most valuable pieces of business property in Petersburg.

PUBLISHERS' ANNOUNCEMENT.

In order to allow our employes the opportunity to enjoy Thanksgiving Day, which is becoming one of the real great American holidays, there will be no issue of the Gazette tomorrow afternoon. The Gazette extends its best wishes to its subscribers and friends on this occasion and hopes that the day may be enjoyably and profitably spent by them.

DAY OF NATIONAL THANKSGIVING.

Upon the recommendation of the President of the United States as well as of the Governors of the several states of the union, tomorrow will be observed as a day of thanksgiving and prayer throughout the country, a custom which had its origin with the pilgrim fathers.

The day, however, will not be as Good Friday, as fasting will not be one of its features, but, on the contrary, feasting, when the bounties of a magnificient Creator who has so abundantly provided for our necessities and accompanied the same with many luxuries during the year should receive the thanks of His creatures.

We live in a day when Jonahs are not crying out against modern Ninevehs, and there is always more or less thoughtlessness in the world, as well as murmuring and complaining when things are not going on to our satisfaction. A day of thanksgiving and prayer is in order to cause us to stop, think and realize the signal blessings which have so long been continued to the United States as a nation as well as to its inhabitants individually.

Long before the Pilgrim Fathers were heard of aborigines in the wilds of North America recognized the Great Spirit and made wave offerings of the first fruits of their crops, thus showing their thankfulness for the blessings of the Creator.

If the poor Indian, with his untutored mind, recognized and expressed thanks to the Bountiful Giver of All, the members of the white race, who have supplanted him in the New World, should follow his example.

DEATHS OF TWO RAILROAD MAGNATES.

The angel of death brooded over the households of two prominent men yesterday. While the White House was thronged and wedding bells ringing joy to thousands an unwelcome guest made rapid and unexpected calls in the mansions of two of the most prominent heads of transportation corporations in the world. William Wilson Finley was first summoned. A few minutes after he had finished his breakfast he was suddenly lain low by a stroke of apoplexy; and while Washington was agog over the marriage of the President's daughter anxious loved ones were watching the flight of the vital spark from Mr. Finley, the efficient and popular head of the great Southern Railway system. The grim enemy closed the eyes of the sufferer in death, when the scene was quickly changed to the home of T. M. Emerson, head of the Atlantic Coast Line, at his Southern home where he had been hurried by anxious friends when he became prostrated by an attack of acute indigestion. The sable messenger remained in the presence of the sufferer and sobbing and distressed ones until the debt of nature had been paid.

Biography is always a profitable study, and some of the greatest men the world has seen devoured Plutarch as soon as they learned to read. But there have been equally as interesting lives of the great and prominent written in modern days. Like the great majority of men who have reached the pinnacle of their calling, Mr. Finley and Mr. Emerson started at the lowest rung of the ladder. While competing with thousands, many of whom were fired by ambition without genius, these two men were ever mindful of the fact that there is always plenty of room on top. They were active, responsible and submissive while on the ground floor, and the corporations which employed them eventually realized their worth. Step by step they climbed until they at last stood on the apex.

Probably only those who are burdened with the cares and toil incident to being heads of great railway systems will ever understand the great responsibility and unceasing labor which necessarily accompanies such callings. There is virtually no cessation in the regular plod. It requires the eyes of an Argus to keep in touch with everything connected with the property under their control. They carry their business to bed with them and to church, and there is virtually no time to think of anything save the interests of the great corporations with which they are saddled.

The late William H. Vanderbilt, while surrounded by every luxury in his Fifth Avenue mansion, suddenly began to cry. Members of his family rushed to him to ascertain the cause. He told them that he realized that the meanest servant in his house was more blessed than he, as his life was but a steady treadmill existence. He later died suddenly while in conference with Robert Garrett, president of the Baltimore and Ohio Railroad.

The Southern States have lost two strong champions in the deaths of Presidents Finley and Emerson.

ELEVENTH VICTIM.

Brooklyn Fruit Inspector Found Dead With Three Bullet Wounds.

The band of avengers who for eight years has hounded twelve men suspected of murdering Francisco Madono, an alleged counterfeiter, got their eleventh victim yesterday in New York. He was Joseph Farino, a Brooklyn fruit inspector, found dead with three bullet wounds in a vacant hallway. Farino's death leaves alive only one of the dozen arrested in 1905 for the murder of Madono. It was said at the time that Madono was killed because his murderers feared he would betray them.

Madono's body, which was covered with stab wounds, was found in a barrel on the East Side. Unusual efforts were made to run down his slayer, but in spite of the efforts of police, led by the brilliant Italian detective, Lieut. Petrosino, none of the twelve men arrested was ever definitely connected with the kiling.

The dozen were held for eleven months and then discharged for lack of evidence. Since then eleven of them have been murdered in various parts of the world—one in Chicago, one in Palermo, Italy, and three in Brooklyn.

Farino was set upon by three men, who dragged him into the hallway and shot him.

Murderous Attack.

Washington, Nov. 26.—Charles A. Stockett, a hardware dealer at 2010 Eighteenth street northwest, Washington, was the victim of a brutal and daring robbery this morning when an unidentified colored man entered the store, attacked him with an axe, fracturing his skull and perhaps fatally injuring him. The robber got a valuable gold watch, and a wallet containing $50.

Mr. Stockett was taken in a police ambulance to Emergency Hospital, where the doctors said his condition was very serious and that an operation would probably be necessary to save his life.

The colored man escaped and the only clue the police have to his identity is the description given by Mr. Stockett and a colored man who saw the robber as he was leaving the store.

WANT COL. WALLER.

Virginia Soldier Candidate for Commandant of the Marine Corps.

Washington, Nov. 26.—It is learned from trustworthy sources that the fight for the appointment of commandant of the United States Marine Corps lies between Colonel Littleton W. T. Waller, in charge of the marines at Mare Island, and Col. Geo. Barnett, holding the same position at the Philadelphia Navy Yard.

Colonel Waller has the active support of the Virginia delegation in Congress, irrespective of factional differences. Col. Barnett has strong support among navy officials in Washington and among the Massachusetts delegation.

Secretary of the Navy Josephus Daniels has returned from the West, and said that the questions of whether he will accept General William P. Biddle's request for retirement and who will be named to succeed him are to be settled this week. There are unofficial reasons for the belief that General Biddle's request will be granted. It is also learned that Secretary Daniels' first choice is Colonel Waller and his second choice is Colonel Barnett.

Colonel Waller is now hastening to Washington from San Francisco to take charge of his fight for the honor. The Virginia delegation is actively at work for him. There is some opposition to the Virginian from the Georgia delegation.

Both Colonel Barnett and Colonel Waller are brave soldiers. The former is also regarded as a most efficient organizer. He is now in command of the marines at the Philadelphia Navy Yard, who are being held in readiness for duty in Mexico in the event of trouble there. He was chosen for this duty on account of his splendid record on the field as an organizer.

Col. Lincoln Karmany's chances for the head of the Marine Corps are not as bright as they were a week ago When General Biddle made his request for retirement. Colonel Karmany's name was among the first advanced as his successor, but it is understood that Secretary of the Navy Daniels is more inclined toward Colonel Waller and Colonel Barnett and the opinion now prevails that one of these will be appointed.

Birmingham Ala., F. L. Willis of the firm of Hartline and Wills, pharmacists, suffered greatly from asthma and bronchitis, so bad that he could not attend to business. As he writes: 'I got no relief until I took Foley's Honey and Tar Compound it entirely removed those choking sensations, and never failed to produce an easy and comfortable condition of the throat and lungs Remember the name, Foley's Honey and Tar Compound, and accept no substitute. HELPLESS AS BABY

Down in Mind Unable to Work and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emery, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work.

I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you too.

Try Cardui. Your druggist sells it.

NEWS OF THE DAY.

A wounded rebel officer brought to Juarez, Mexico for medical treatment, is authority for the statement that a number of Salazar federal volunteers captured at Zaragosa yesterday morning were brought before General Villa who ordered them executed. The order was carried out at once. The officer did not know how many men were executed, but said he thought there were 30 or 40 of them.

Ano her death attributed to the chestnut blight, the fifth in Glastonbury, Conn., ths fall, occurred yesterday. Everett Hale, 30, was taken ill after eating a gray squirrel. The attending physician gave the cause of death as ptomaine poisoning, due to blighted chestnuts which the squirrel had eaten.

An earthquake shock was reported from towns between Eureka and Fort Seward, Cal., early Monday night. The shock at the fort caused a lamp to topple from a table. No damage was reported.

Miss Louise Piper, 18-year-old daughter of Kingsbury Piper, former vice chairman of the Democratic State committee, who has been missing from her home in Fairfield, Me., more than a week, arrived yesterday at Portland. Miss Piper, who is a school teacher, told the police that she went to Waterville on the night of November 17. There, at a moving picture show, she met two men who gave her candy which she believed contained a drug. When she gained possession of her faculties she found herself in Boston, where she was kept imprisoned in a room by the men until Monday, she said.

At a late hour last night the jury in the case of Benson, alias Vincent Owens, who was tried on a charge of murdering his wife, Annie Owens in St. Mary's county, Md., June 30 had not agreed upon a verdict. The case was removed to this county for trial at the request of the defendant. Testifying in his own behalf, Owens said he had accused his wife of unfaithfulness and that she had admitted it. Owens swore he became incensed and struck her, knocking her down. He then cut her throat with a pocket knife and left her on the road.

Samuel A. Miles, 65 years old, an inventor and chemist, in dodging a street car early last night near his home, was knocked down by an automobile, and so badly injured that he died an hour later at his home in Washington.

WHOLESALE STRIKE.

Men Walkout Because Two Union Leaders Are Removed.

Schenectady, N. Y., Nov. 26.—With more than 4,000 employes of the General Electric Company voluntarily idle, this city faces an industrial crisis. However, aside from numerous meetings of workmen an orderly crowds in the streets about the bulletin boards in front of the various labor union meeting halls there is no excitement resulting from the walkout of nearly all the force of the largest manufacturing plant of its kind in the world.

The union men are not looking for shorter hours or more pay they point out, but to correct what they claim to be an unjust discriminatio against two of their companions—Frank L. Dujay and Miss Mabel Leslie—both of whom have been active in union circles. The two were laid off recently, the company claiming their removal was a part of a policy of retrenchment. The union workers however, assert, the laying off of the two was due to the past activities in labor union cricles. They also claim that the receipts for the current month exceed by more than $1 000,000 the receipts for November 1912.

George E. Emmons, general manager of the company's plants, in a formal statement denies that any discrimination was intended.

Union leaders have perfected plans for picketing the works, not so much they said, because they feared the introduction of strikebreakers as to see that none who walked out returned to work.

Dujay and Miss Leslie addressed one thousand women who crowded into Mayor Lunn's People's Church. Other labor leaders spoke at meetings held in many halls throughout the city. Many of the workers said the unions forced them to quit work against their wills and they demanded a full explanation of the situation.

In a brief statement issued the Mayor said that no striker would go hungry so long as he was Mayor.
